

# Suchitha Patel

Research Assistant – Sociotechnical Cybersecurity (IRiSC)

**Address** Esch-sur-Alzette 4044

**Phone** +352 661921358

**E-mail** suchithapatel0309@gmail.com

Resource management and IT recruitment experience at Deloitte and ICONMA have equipped me with strong organizational and problem-solving skills that I bring to diverse teams. Currently a Research Assistant with the Sociotechnical Cybersecurity (IRiSC) group at the University of Luxembourg, expanding technical expertise in detecting fake websites, researching emerging cyber threats, and handling user-sensitive data in adherence to data protection laws and cyber policies. Hands-on experience in security risk analysis and deepened understanding of cybersecurity frameworks. Eager to enhance skills further through hands-on experience in areas like penetration testing, actively seeking opportunities to deepen practical knowledge. Ultimate goal is to assist organizations in addressing evolving security challenges through practical solutions and clear communication of risks.
